

# MAXIMUM BOSE

'MAXIMUM BOSE' is about colour and life. Colours can transform a body and chaos of colours can sculpt formlessness, the abstract. I believe that colours can play a magical role in everyday life; it shares positive vibes to all, at least to me! For me, colours represent a kind of maximum freshness, a pleasure or happiness, maximum depth, layers, combining form and texture with a painterly-sculptural style that allows for maximum accidents producing what I call the 'Maximum Abstract'. The works may not have grey color but it carries maximum colored 'grey-scale'. The space is draped/wrapped in acrylic, automotive or in vinyl plastic colour, I would say that the given space is protected like a 'Cocoon' or 'Mummy', in a way preserved through colour. Sometimes, my works are said to be chromo-maniac. My works represents the genesis of this idea in celestial form of painterly-sculpture.
